1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 20 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear whether the limitation following "*capable of*", in line 5, is required for the claimed invention.
4. Claim 20 recites the limitation "the second portion" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

5. Claims 1, 3-7, 9-19, 36, 38-44, 46, 47 and 49 are allowed.
6. Claims 22-32, 34, 35 and 48 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
